Plot of land of 4,449sqmin Goldra for construction of 2 detached houses of 300sqm each

Land with an ongoing development process to create 2 plots, one with 1,108sqm and the other with 3,340sqm, both allowing the construction of a detached house, each with 300sqm of construction on 2 floors, basement, swimming pool and 150sqm on terraces covered.

The Loulé PDM determines that 3,800sqm of this area are included in the Urbanizable Spaces Zone, so that it currently allows the construction of a house with the same characteristics. With the highlight in progress it will allow 2 isolated houses.

The land is located in the Goldra area, less than 5 minutes from the city of Loulé, in a rural and flat area, this land overlooks the countryside.
The sewage, electricity and municipal water networks are close to the land.
